

GLASS SAUNA KAROLINA

AHJA | KLAASSAUN

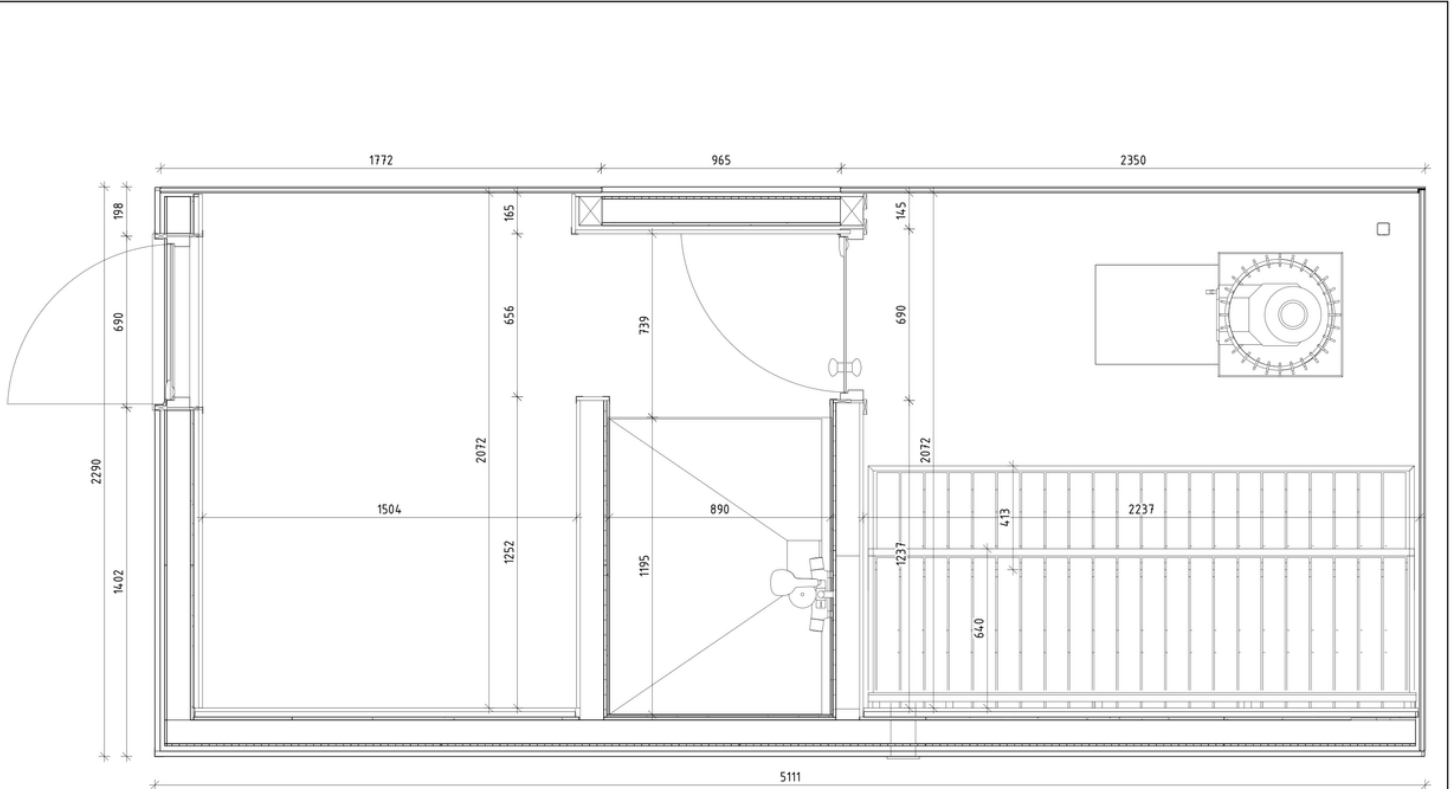

Always there. Always together.

3-room sauna with an anteroom and shower room. There are wooden walls on both sides of the shower room for privacy. With this setup, sauna visitors have a 180-degree view. Upon request, it is possible to order a separate terrace panel in front of the sauna.

TEHCNICAL INFORMATION:

EXTERNAL DIMENSIONS:	Length 5110 mm, width 2300 mm, height 2510 mm
SAUNA:	Length 2240 mm, width 2070 mm, height 2100 mm

**- If possible, we will grant the wishes.

In the case of a wood-burning heater, the chimney is stainless or painted (black matt heat-resistant paint).

Interior finish according to the client's wishes. Essentially the entire selection available in stores.

Pick between an electric or wood-burning heater. The electric heater can be controlled via a smartphone app. We use HUUM heaters, but it is possible to install the heater from a different manufacturer, upon the client's request.

Exterior finish based on the client's wishes. Possible options: painted cladding board with different profiles and dimensions, heat-treated cladding board, tile material, etc.
